

VRA News:

December 2020

Pools and Tennis Courts are managed by Golden Valley Property Management (602) 294-0999

Please remember...**NO GLASS ALLOWED IN POOL AREA. GATES MUST ALWAYS BE LATCHED.**
The county will red tag the pools if they find either of these violations.

(Pools F and G are in Village IV.)

Pool Updates:

All eight pools will be drained and filled with fresh water this month.

The cinder blocks on the dam walls successfully prohibited pigeons from drinking pool water. The blocks at Pool F have been replaced with a stone top with bullnose edges that prevent the pigeons from drinking. Installation of a stone top on the dam wall at Pool G is scheduled for late spring in order to keep the pool open during the spring.

All of the locks at the pools and tennis courts have been changed. Call NPS to get your first 2 keys at no costs. Additional keys may be purchased for \$25 each from Golden Valley.

All eight pool decks were resurfaced during 2020.

New fencing has been installed at all eight pools. The latch has been eliminated; you only need a key to open the gates.

All BBQ grills have been reconditioned.

Rules and regs have been updated. The rules are posted on bulletin boards at each pool.

Greenway:

Pets on the Greenway must be 15-lbs or less. Dogs must be on-leash at all times. Signs have been posted and the VRA will enforce these rules.

A new sidewalk has been installed west of Tennis Court B.

Tennis Court Update:

The east side of Tennis Court B has been converted to 4 dedicated pickleball courts.
